Summer Vacation

It's summer time,

School vacations have begun,

Time for children to play,

And have fun in the sun

Now the children

Are out of school,

There are trees to climb,

And Swim in the pool.

Time to spend

With special friends,

And to chase their dreams

Until the days end....

Dear Parents,

Greetings from DC !!

It is once again summer time and we are ready for Summer Vacation. We are happy that they all love coming to school. For the next two months, you, their natural guardian will spend the vacation time with them.

As children move up to a higher grade in school, they have a strong desire to be like a grown up sharing responsibilities at home, in their neighbourhood and in school. Giving them opportunities to fulfill this innate need by allocating jobs and chores around the house, which they can do, helps in increasing their confidence and self esteem. Also giving them opportunities to participate in caring for pets, plants and family members makes them feel more as a part of the society that they grow up to live in. Yet the little child in them has to be nurtured by allowing them to play, collect things that fascinate them, build things that are meaningful to them, read books and express themselves in a rather new way for them that is writing. We have suggested a list of activities keeping these needs in mind and as parents we wish that you support them in doing these. Enjoy the holidays!!

Let us share some tips to make this period a fruitful and happy period for them and you.

At this juncture , I would share some time tested tips with you :-

- ❖ Have at least two meals together with your children; dining table discussions help to make a strong bond. Teach them the importance and hard work of the farmers and ask them not to waste their food.
- ❖ Let them wash their own plates after every meal . Children learn the dignity of labour from such activities.
- ❖ Allow them to help you in cooking. Let them chop their own vegetables and make their own fruit salad.

- ❖ Let them help you in setting the table for at least 1 meal.
- ❖ Learn 5 new words in English and list them in a note book everyday.
- ❖ Visit 3 neighbours . Know more about them and build a friendship with them.
- ❖ Visit grandparents and let your children bond with them. Their love and emotional support is very important for your child. Let them plan a Grandparents' Day out, believe me they will cherish all these memories .Click snaps with them.
- ❖ Talk to them about your work / business , let your child understand that you work very hard to support the family.
- ❖ Do not miss the local festivals and local market .Celebrate and visit them.(Malwa Festival)
- ❖ Gently encourage your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees are an integral part of your child's growing up.
- ❖ Share stories about your childhood and your family history.
- ❖ Let them make their own bed and put away their toys and books back in their proper places.
- ❖ Encourage your child to pursue a hobby.
- ❖ Gently remind them to switch –off the lights, the fans and Ac/ Cooler when they are not in use.
- ❖ Encourage them to get up early in the morning and enjoy nature , listen to the chirping of the birds, feel the cool breeze and make bird feeders.
- ❖ Help them to make any toy / gift item / decorative piece with waste material- believe me, they will enjoy this Do It Yourself (DIY) activity.

❖ Learn the poems given for the English and Hindi Choral Recitations . Poems for different classes will also be available on our school website; www.dalycollege.org

English Holiday Homework – Class III

Dear Parents,

Reading allows us to be transported from our own world to another. Between the pages of a book, we can become immersed in the lives of fictional characters and learn about a culture entirely different from our own. We can also learn new words and phrases, experience a range of emotions, and acquire skills and knowledge.

Because of the learning potential, the effects of reading on child development are vast and multiple studies have highlighted its benefits. As such, teachers and parents are in a great position to ensure reading is a key part of children's daily routine. We'll give you some names of the books written by various authors that will enable you to read like a pro and enjoy it thoroughly. There are also a few activities that you could do along with reading. Happy reading friends!!!!

There is no substitute for books in the life of a child.
