8. BIOLOGY:

You have read that plants can prepare their food by the processes of photosynthesis. Research about how the following plants obtain their food:

- Cuscuta (Amarbel)
- Pitcher plant
- Venus flytrap
- Drosera or sundew plant.

Draw/paste pictures of these plants in your notebook and write a short note about each of them. It may include:

- · Where it is commonly found.
- · How it obtains its food.
- · Why does it obtain its food in this way?
- · Any other interesting facts.

9. HISTORY & CIVICS
