## Daly College, Jr. School

### Summer Vacation

It's summer time,  
School vacations have begun,  
Time for children to play,  
And have fun in the sun  
Now the children  
Are out of school,  
There are trees to climb,  
And Swim in the pool.  
Time to spend  
With special friends,  
And to chase their dreams  
Until the days end....

*The School re-opens on 18<sup>th</sup> June 2025*

Contd. No.2. ....

Dear Parents,

Greetings from DC !!

It is once again summer time and we are ready for Summer Vacation. We are happy that they all love coming to school. For the next two months, you, their natural guardian will spend the vacation time with them.

As children move up to a higher grade in school, they have a strong desire to be like a grown up sharing responsibilities at home, in their neighbourhood and in school. Giving them opportunities to fulfill this innate need by allocating jobs and chores around the house, which they can do, helps in increasing their confidence and self esteem. Also giving them opportunities to participate in caring for pets, plants and family members makes them feel more as a part of the society that they grow up to live in. Yet the little child in them has to be nurtured by allowing them to play, collect things that fascinate them, build things that are meaningful to them, read books and express themselves in a rather new way for them that is writing. We have suggested a list of activities keeping these needs in mind and as parents we wish that you support them in doing these. Enjoy the holidays!!

Let us share some tips to make this period a fruitful and happy period for them and you.

At this juncture , I would share some time tested tips with you :-

- ❖ Have at least two meals together with your children; dining table discussions help to make a strong bond. Teach them the importance and hard work of the farmers and ask them not to waste their food.
- ❖ Let them wash their own plates after every meal . Children learn the dignity of labour from such activities.
- ❖ Allow them to help you in cooking. Let them chop their own vegetables and make their own fruit salad.
- ❖ Let them help you in setting the table for at least 1 meal.
- ❖ Visit 3 neighbours . Know more about them and build a friendship with them.
- ❖ Visit/spend time with grandparents and let your children bond with them. Their love and emotional support is very important for your child. Let them plan a Grandparents' Day out, believe me they will cherish all these memories .Click snaps with them.
- ❖ Talk to them about your work / business , let your child understand that you work very hard to support the family.
- ❖ Do not miss the local festivals and local market .Celebrate and visit them. (Malwa Festival)
- ❖ Gently encourage your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees are an integral part of your child's growing up.
- ❖ Share stories about your childhood and your family history.
- ❖ Let them make their own bed and put away their toys and books back in their proper places.
- ❖ Encourage your child to pursue a hobby.
- ❖ Gently remind them to switch –off the lights, the fans and Ac/ Cooler when they are not in use.
- ❖ Encourage them to get up early in the morning and enjoy nature , listen to the chirping of the birds, feel the cool breeze and make bird feeders.
- ❖ Help them to make any toy / gift item / decorative piece with waste material- believe me, they will enjoy this Do It Yourself (DIY) activity.
- ❖ Learn the poems given for the English and Hindi Choral Recitations . Poems for different classes will also be available on our school website; [www.dalycollege.org](http://www.dalycollege.org)

**HAVE A FABULOUS SUMMER BREAK!!!**

## TASKS TO DO:- ENGLISH

I. Reading is a powerful habit that helps us learn new things, build our imagination, and understand the world better. It improves vocabulary, concentration, and thinking skills. Reading also helps develop empathy by allowing us to see life from others' perspectives. It is not just a source of knowledge, but also a great way to relax and enjoy quiet time.

1. Grandma's Bag of Stories by Sudha Murty
2. The Blue Umbrella by Ruskin Bond
3. Swami and Friends by R.K. Narayan (abridged version) or Malgudi days
4. Maya Saves the Day by Meera Nair
5. Bonkers! by Natasha Sharma
6. Anne of Green Gables by Lucy Maud Montgomery.

II. **My Name ,My Dictionary-** Pick up a dictionary and look for words starting with the first two letters of your name. Choose 8 words and write their meaning. Use your imagination and create a picturesque representation of words through illustrations (draw/paste pictures) on A4 sheet and make a booklet.

III. **Creative Writing: Finish the Friendship Story**

Read the beginning of a story about a girl named Amita, who is feeling nervous on her first day at a new school. Use your imagination to complete the story in the attached worksheet. You may also colour the picture .

Think about:

Who is the girl that runs up to her? What happens next? Do they become friends?

Is there a fun or unexpected twist?

You can add dialogue, describe feelings, and include a happy or thoughtful ending.

Be as creative as you like! (Word Limit: 100-150 words)

IV. **Create a Comic Strip**

A comic strip is a sequence of drawings that tell a story, usually with characters talking in speech bubbles. Follow these steps to make your own comic strip:

1. Divide a page into 3 big boxes (you can draw the boxes yourself).
2. Pick a fun character for your story - it could be a dog, a superhero, or even a talking carrot!
3. Think of a short, funny, or adventurous story for your character.
4. Draw what happens in each box. Start with the beginning, then the middle, and finish with the ending.
5. Write what your character says or thinks using speech bubbles in each drawing.

## HINDI

ग्रीष्मावकाश गृहकार्य

\* दी गई कविता सामूहिक कविता पाठ के लिए याद कीजिए।

\* सभी कार्य अलग -अलग A-4 शीट पर करें।

## MATHEMATICS

### Instructions:

**Do it on separately on A4 sized sheet.**

Q1. Find the age of 10 of your family members /friends and write them in Roman Numerals.

Q2. Write down the population of any five major cities and then mention:

- Names of the cities.
- Population in words according to Indian number system.
- Expanded form of the population of each city.
- Arrange their population in ascending order and descending order.
- Find out the city with maximum and minimum population.

### Project:

Q3. Make a scenery using mathematical shapes ( 2D and 3D both)

Q4. Make a maths CROSSWORD puzzle on separate A4/A3 size coloured sheet. (HINT : You can use the four operations – addition, subtraction, multiplication or division to make a puzzle)

## SCIENCE

Hey Super Scientists of Class 4!

Get ready to dive into the world of solids, liquids, and gases – not just by reading, but by building your very own Particle Model!

*\*Your Mission (should you choose to accept it):\**

Create a cool model that shows how particles behave in solids, liquids, and gases. You can use clay, beads, buttons, popcorn, thermocol balls – anything fun you can find at home!

*\*Need a spark of inspiration?\**

Check out these awesome YouTube links we've shared below. They'll get those creative engines running!

[https://youtube.com/shorts/\\_NZswum2Bcw?si=SEnz30bMOTa5SmXf](https://youtube.com/shorts/_NZswum2Bcw?si=SEnz30bMOTa5SmXf)

<https://youtube.com/shorts/OIW9aO96HtU?si=jieyDeLueqXvCh4O>

[https://youtube.com/shorts/7vPF1Jj-zfw?si=CJsEteoLVf\\_i81dV](https://youtube.com/shorts/7vPF1Jj-zfw?si=CJsEteoLVf_i81dV)

*\*Bonus: Add your own twist!\**

Want to make it move? Glow? Sing? Go ahead – we love wild ideas! Just make sure it clearly shows how the particles are arranged in each state of matter.

Bring out the Einstein in you and show us your model magic!

We can't wait to see what your brains and hands can create.

Materials: Anything safe and fun!

Let the particles party begin!

## COMPUTER

1. Write any 4 mobile applications you frequently use in your daily life, and describe their respective uses.
2. What are 4 essential gadgets for creating a smart home, and how would you utilize each of them to enhance your living experience?

Note:-

1. Holiday Homework to be done in long ruled sheets.
2. Drawing to be made on A4 size coloured sheets.
3. Staple the sheets with the following information

Name:

Class & Sec.

Roll

No.

\*\*\*\*\*

## SOCIAL SCIENCE

Collect the following information about any **two** North Eastern states of India. The North-Eastern states include seven states that are known as the Seven Sisters. These are Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland and Tripura. Make a colourful scrapbook/ booklet or on A4 size sheet. Also paste pictures to supplement the information such as Capital, Language, Traditional Dress, Main Food, Festivals, Main Crops, Monuments/ Tourist places, Sports, Industries, Famous personalities, National Parks etc. The text should be handwritten not printed. Do not forget to mention your name, class and section. Please put an appropriate heading on the front page of your scrapbook/ booklet/4 size sheet.

## Finish the Friendship Story

Look at the picture and read the sentences that begin a friendship story. Use your imagination to finish the story on the lines below.

**Nervously, Amita walked into her new classroom. It was her first day in a brand new school and she didn't know anyone. She was sad because she had left all her best friends behind at her old school and was worried about making new friends. As she looked up, she realized that a girl in her class had come running over to her...**

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There is no handwriting or other markings on the paper.
