## CERTIFICATE

This is to certify that the Daly College, Indore has adequate number of washrooms separately for boys and girls. The washrooms have all the facilities of the highest standards and meet all parameters of hygiene and sanitations.

There are sufficient number of drinking water points connected to facilities of filtration, that is, aqua guards services are installed at every water point which are used by the students and the staff for drinking water. The school has arranged for proper maintenance of these equipments and all safety precautions are taken care of by competent and trained staff. The school is also well equipped to deal with fire fighting and has proper equipment in every academic block and administrative buildings.
